

BEDTIME CONNECTION RITUAL GUIDE

5 minutes before lights out to end the day with connection.

1

Dim the Environment

Lower lights and screens at least 10 minutes before bed. This signals to your child's brain that the day is winding down.

2

Body Check In

Ask your child to take three deep breaths with you. Place a hand on their belly and breathe together.

3

Rose and Thorn

Each person shares one good thing from the day and one hard thing. Keep it simple and judgment free.

4

Gratitude Moment

Name one thing you are grateful for today. Model it yourself first so your child sees how it is done.

5

Closing Affirmation

End with a consistent phrase every night like "You are loved, you are safe, tomorrow is a new day." Repetition makes it ritual.

Parent Note:

You do not need a perfect bedtime.
You just need five connected minutes. That is enough.

*The last five minutes of the day shape
how they sleep and how they wake.*
